## NUNN AND COOK

Lead in Instructed Votes in Eighteen Counties.

McCracken, as Usual, Has a Contest and Two Delegations.

Mass-conventions were held Saturday in the 18 counties of the First Appellate district to send delegates to the Paducah convention to day, to nominate a Democratic candidate for Judge of the Court of Appeals, to succeed Judge J. D. White. Judge T. J. Nunn, of Hopkins, leads in instructed votes, having carried Caldwell 7, Crittenden 8, Livingston 8, Hopkins 17, Union 16 and Webster 12, second over Judge Dorsey, who is not a candidate. Total, 68.

Judge J. E. Robbins, of Graves, has Fulton 7, Graves 24, Marshall 8. Total 39.

Judge T. P. Cook, of Calloway, has Calloway 17, Christian 16, Lyon 5, Trigg 8. Total, 43. He has second over Nunn in Livingston.

Judge J. D. White, of Carlisle, has Ballard 7, Carlisle 7, Hickman 9. Total, 25.

McCracken county held two conventions, one instructing for Robbins and the other for White. Robbins has the delegation endorsed by the county chairman, whose rulings caused the White supporters to hold a separate convention. The committee on credentials will have to inquire into the merits of the contest.

Henderson instructed for Dorsey and sends practically an uninstructed delegation, as Dorsey is not a candidate. Some of these 20 votes will go to Cook, but Nunn is expected to get the bulk of them.

The convention bids fair to be a hotly contested struggle for a nomination worth \$40,000. The term is for eight years at a salary at \$5,000 a year, with a secretary at a good salary.

The convention will be called to order to-day by Mott Ayers, Executive Committee man for the First District.

It will have 211 delegates and 106 will be necessary to nominate.

## HORRIBLE ACCIDENT.

Mrs. Wood Thrown From Buggy and Skull Fractured.

Mrs. Bettie Wood, wife of Mr. George Wood, of Sinking Fork, was perhaps fatally injured Saturday night.

Mrs. Wood and her daughter and little son were enroute to the Brick church in a buggy, when the horse became frightened and the vehicle was overturned. All the occupants were thrown to the ground. Mrs. Wood's head struck a rock and her skull was fractured behind the left ear.

Drs. Jackson and Sargent, of this city, and J. J. Backus, of Gracely, were summoned and on examination found that Mrs. Wood was suffering from concussion of the brain in addition to a fractured skull. Blood has been flowing from her mouth, nose and ears since the accident and it is thought she will die of her injuries.

Miss Wood was badly bruised, but was not seriously hurt, and her little brother escaped with a few bruises.

## LOCAL WHEAT MARKET.

No. 2 Wheat 75 Cents—Decline Last Week.

Wheat was 75 cents on the local market yesterday. All of the grain has been threshed. A few farmers are holding in anticipation of an early advance. For several days No. 2 wheat sold here at 78 cents, but there was a decline of three cents last week.

## FRANK WHITE

Meets Death Suddenly and Mysteriously.

Was Returning From a Picnic With His Brother John.

Frank White, aged twenty-eight years, son of Buckner White, of Christian county, was shot and killed near Lafayette Saturday night. The killing is surrounded in mystery. John White, aged thirty-two years, the dead man's brother, claimed that he was shot from ambush. They were in a buggy together.

Esq. Dixon held an inquest and the verdict was that White was killed by some unknown person.

The brothers had been to a picnic at Big Rock, Tenn., and at 9 o'clock came back to their father's, finding the family asleep they continued towards Frank White's, a mile or two beyond. When near Lafayette the killing occurred, about 9:30 o'clock. John White rode the horse they had been driving into Lafayette and summoned Drs. J. J. Ezell and J. F. Stone. Frank White was dead when they got back to the scene.

John claimed that he was asleep in the buggy and was aroused by a shot and found his brother wounded, saying he had been shot from the roadside. He placed his body on the ground and left at once for help.

Frank was shot in the left side and the ball ranging upward had passed through his heart. His coat was burned by powder.

Later John said the killing might have been done by accident. Both of the brothers had pistols. One had one chamber and the other had four empty. The accidental theory is the most generally accepted, as it is said both of them were more or less under the influence of liquor.

Frank White was a prosperous young farmer who owned a good farm. He leaves a wife and one child. His wife was Miss Davidson.

## ALLEGED HOG THIEF

Arrested Near Caskey And Taken to Todd County.

John Kennedy, col., wanted in Todd county on a charge of hog stealing, was arrested near Caskey Friday morning by Sheriff Davis and deputy Starling.

Kennedy was indicted at Elkton more than a year ago, and is accused of stealing a hog from a farmer near Fairview.

He had been living near Caskey for some time and it was reported that he had said he would never be taken alive. The officers went to his home early Friday morning and the arrest was made without any trouble, however. The negro was handcuffed and Sheriff Davis took him to Elkton the same day and delivered him to the jailer of Todd.

Circuit Court is now in session at Elkton and Kennedy will be tried at this term.

## FIRE AT BEVERLY.

Major & Son's Store and its Contents Destroyed.

The general merchandise store of G. H. Major & Son, at Beverly, was destroyed by fire about 5 o'clock yesterday morning. Mr. Major had just opened the house for the purpose of selling some article and as he and his customer went out on the front porch the rear of the building was discovered in flames.

In a very few minutes the house and its contents were reduced to ashes. The house belonged to Robt. Adams and was worth about \$400. Major & Son's loss is about \$2,000. They had \$1,000 insurance.

## BLOCK IN CADIZ

Wiped Out By a Sunday Morning Fire.

Heavy Losses Fall Upon Several Business Firms.

A destructive fire swept away one of the best blocks in the business section of Cadiz Sunday morning.

The business houses burned were:

Bank of Cadiz, E. E. Wash, president.

Rowl's saloon.

J. J. Garton, dry goods.

H. M. Garton & Son, hardware.

F. P. Cook, racket store.

Wm. Lynch, dry goods.

Cowherd & Chappell, groceries.

Office Cumberland Telephone Co.

Cadiz Hotel, owned by Hon. Jas. B. Garnett and B. F. Goodwin, run by Mr. Alexander.

The fire originated at three o'clock in the morning in Rowl's saloon and as the town is without fire protection, the block was doomed from the start.

It spread from one storehouse to another and did not stop until the handsome two-story brick hotel was burned with the rest of the square.

Hon. Jas. B. Garnett's law office was over the Bank of Cadiz and as he was at Dawson, his fine library was completely destroyed.

The insurance was very small and the losses will fall heavily upon most of the merchants burned out.

Mr. Rawls, the proprietor of the saloon, had a close call. He was sleeping up stairs in the same building and escaped in his night clothes through the smoke and flames below just in time to keep from being cut off.

The total loss is estimated at \$50,000. The Cadiz Hotel building was insured for \$6,000, and J. J. Garton had \$1,000. Nothing definite is known about further insurance.

## FINN FOR ATTORNEY GENERAL.

Hon. John K. Hendricks Opens His Campaign for Governor September 1.

Louisville, Ky., July 14.—Hon. Gerald T. Finn, Speaker of the last House of Representatives, who was in the city today, en route to Nelson county to attend a house party given by the Hon. Eli Brown, stated that he would be a candidate for the Democratic nomination for Attorney General next year.

The Hon. John K. Hendricks, who was also here today, said that he would open his campaign for Governor on September 1, either at Bowling Green or Mayfield.

## SOLID FOR COOK.

County Convention Brief and Harmonious.

List of Delegates to the Convention to be Held at Paducah.

The county convention Saturday afternoon was brief and harmonious. It instructed for Cook without opposition.

The convention was organized by the election of Frank Rives chairman and Thos. C. Underwood, secretary.

The following resolutions offered by Chas. M. Meacham were adopted unanimously:

Resolved, That the chairman of this convention be instructed to appoint sixteen delegates to the district convention on July 22, who shall vote as a unit on all questions in said convention.

Resolved, That said delegates to be appointed are hereby instructed to give their earnest, loyal and continued support to Judge Thos. P. Cook as long as his name is before said convention, and to use all honorable means to secure his nomination for judge of the court of appeals.

Resolved, That the chairman of this convention be instructed to include his own name in the list of delegates to be appointed.

Chairman Rives named the following delegates:

J. T. Haubery, C. H. Bush, Chas. M. Meacham, Frank Rives, Jno. B. Russell, Hunter Wood, G. W. Southall, John C. Duffy, Douglas Bell, Walter Knight, H. E. Holton, Isaac Garrett, R. C. Crenshaw, R. E. Cooper.

The committee then adjourned.

## TO GO IT ALONE.

Mr. H. C. McGeehee Will Open Store at Gracely.

Mr. H. C. McGeehee, of the firm of McGeehee Bros., & Co., who lost their stock of goods by fire at Gracely about a month ago, has decided to build a store house on a portion of his residence lot and open up business for himself.

Mr. McGeehee will have plans of the building submitted at once and the contract will probably be let this week.

McGeehee Bros., have not yet decided the matter of building. They own three lots in Gracely.

## Died in Texas.

Died, July 14th, at her residence, 300 Florence street, Ft. Worth, Texas, Mrs. M. P. Bishop, widow of the late T. L. Bishop, of Paducah, Ky., and daughter of the late Dr. P. W. Dryden, of Hopkinsville, Ky.

## Deafness Cannot be Cured

by local applications, as they can-  
not reach the diseased portion of  
the ear. There is only one way to  
cure deafness, and that is by con-  
stitutional remedies. Deafness is  
caused by an inflamed condition of  
the mucous lining of the Eustachian  
Tube. When this tube gets  
inflamed you have a rumbling sound  
or imperfect hearing, and when  
it is entirely closed, deafness is the  
result, and unless the inflammation  
can be taken out and this tube re-  
stored to its normal condition,  
hearing will be destroyed forever.  
Nine cases out of ten are caused by  
catarrh, which is nothing but an  
inflamed condition of the mucous  
surfaces.

We will give One Hundred Dol-  
lars for any case of deafness

## Impaired Digestion

May not be all that is meant by *dyspepsia*,  
now, but it will be if neglected.  
The uneasiness after eating, fits of nerv-  
ous headache, sourness of the stomach, and  
disagreeable belching may not be very bad  
now, but they will be if the stomach is  
suffered to grow weaker.

Dyspepsia is such a miserable disease  
that the tendency to it should be given  
early attention. This is completely over-  
come by

There are 6,726,779 unmarried  
men and 4,195,446 unmarried  
women over 20 years of age in the  
United States, according to the  
census reports. In every state  
there is an excess of marriageable  
men, ranging from 2 per cent. in  
Massachusetts to more than 900 per  
cent. in Wyoming. If every woman  
could be provided with a husband,  
there would still be 1,800,000 men  
left over without wives. There are  
plenty of men and if a girl doesn't  
marry it is her own lookout.

Webster seems to be the storm  
center in the Congressional race.  
The contest is hot between Brasher  
and Stanley. Editor Collins, of the  
Sheep News, is leading the Brasher  
forces and displaying great skill  
in handling the issues of the cam-  
paign. Editor George Beard, of  
Dixon, is Stanley's manager and  
has his forces well in hand. Both  
sides are claiming the county.

The Henderson Gleaner makes a  
mistake in criticizing the ministers  
of Madisonville, pastors of all the

these times of high rolling degener-  
acy, it does not hurt even a  
politician to be on the Lord's side.

The editor of the KENTUCKIAN  
acknowledges the receipt of a notice  
from the Louisville Commercial  
club of his election as a non-resi-  
dent member of the club. It was ac-  
companied by a ticket admitting him  
to the courtesies of the club. The  
business men of Louisville are  
wide awake and progressive and  
evidently realize that the newspa-  
pers are good fellows to have on  
their preferred list.

A strange story comes from  
Madrid. A little girl died of diptheria  
and there was a wholesale  
kissing of the dead child's lips by  
her schoolmates. As a consequence  
50 children have already died of the  
disease contracted in that way and  
many others are sick.

A Frankfort dispatch says the  
Governor will visit the state em-  
campment in August, at Mammoth  
Cave, "accompanied by his full  
staff." This is probably a mis-  
take. Our newspaper friend Mott  
Ayers, who is a colonel on the Gov-  
ernor's staff, doesn't get "full."

## NEGRO BURNED AT STAKE.

Mississippi Rob Saturates Victim  
With Oil Before Fire is  
Applied.

Clayton, Miss., July 17.—William  
Ody, a negro brute, who attempted  
to assault Miss Virginia Tucker,  
of this place, was burned at the  
stake at midnight last night. The  
young woman was out riding in the  
country when attacked and was so  
violently pulled from a buggy by  
the negro that both of her legs  
were broken. She is in a critical  
condition. The negro was soon  
captured and was held for a time  
in the possession of a posse, but he  
was soon taken from the posse, sat-  
urated with oil, tied to a tree, and  
burned. The young woman's  
father is reported to have applied a  
match to the faggots piled around  
him.

Miss Tucker was riding home in a  
buggy, when at a lonely spot in  
the road the negro hailed her and  
dropped a package. She stopped  
her horse and the negro seized her  
wrist and dragged her violently  
from the vehicle. She screamed  
and was found a few minutes later  
by Dr. William Hitt, who was driv-  
ing in the country. The negro,  
upon seeing the physician, fled, but  
was soon captured.

Ody was taken to a convenient  
spot and a bonfire built around a  
tree. He was told to prepare for  
death, and when the manner of his  
execution became apparent he  
begged pitifully for mercy. He was  
burned securely and put into the  
flames and in a short time only his  
charred bones marked the place of  
execution.

## HANGING AT OWENSBORO.

Owensboro, Ky., July 17.—Josh  
Anderson, a farmer who was in  
jail here, charged with the murder  
of his wife on the night of July 8,  
was taken from prison by a masked  
mob of about forty men and hanged  
to a beam over the city scales on  
one of the principal streets of  
Owensboro early this morning.  
The lynchers, who are supposed to  
have come from the scene of Ander-  
son's alleged crime, demanded ad-  
mittance to the jail, which was re-  
fused. They then battered down  
the prison door and secured their  
victim. Anderson was the first  
white man ever lynched in Davies  
county.

## CIGARETTE LAW.

Asked Construction by Grocers  
and Tobacco Dealers of  
Louisville.

Frankfort, Ky., July 18.—Several  
wholesale grocers and tobacco  
dealers of Louisville have addressed  
the Attorney General, asking for  
a construction of the sections of the  
new revenue law fixing a license  
tax for the sale of cigarettes and  
cigarette material. Lawyers here  
construe the statute to mean that  
the \$100 license for wholesalers is  
solely on manufactured cigarettes,  
and does not prohibit the whole-  
saler from selling tobacco packages  
with cigarette papers attached.  
The license of \$10 for retailers cov-  
ers the sale of this cigarette mate-  
rial, however, as well as manu-  
factured cigarettes.

It is said that Attorney General  
Pratt will so construe the statute.

Over-Work Weakens  
Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through  
your kidneys once every three minutes.  
The kidneys are your blood purifiers, they  
filter out the waste or impurities in the blood.  
If they are sick or out of order, they fail to do their work.  
Pains, aches and rheumatism come from  
excess of uric acid in the blood, due to neglected  
kidney trouble.

Kidney trouble causes quick or unsteady  
heart beats, and makes one feel as though  
they had heart trouble, because the heart is  
overworking in pumping blood, the kidney  
poisoned blood through veins and arteries.  
It used to be considered that only urinary  
trouble was to be traced to the kidneys, but  
now modern science proves that nearly  
every constitutional disease has their begin-  
ning in kidney trouble.  
If you are sick you can make no mistake  
by first doctoring your kidneys. The mild  
and extraordinary effect of Dr. Kline's  
Swamp-Root, the greatest kidney remedy is  
soon realized. It attacks the highest for its  
wonderful cures of the most distressing cases  
and is sold in its merits  
by all druggists in fifty-  
cent and one-dollar sizes.  
You may have a  
sample bottle by mail.  
Also pamphlet telling you how to find  
out if you have kidney or bladder trouble.

"The way to gain a good reputa-  
tion is to endeavor to be what you  
desire to appear." That is precisely  
the manner in which Chamberlain's  
Cough Remedy has gained its  
reputation as a cure for coughs,  
colds, croup and whooping cough.  
Every bottle that has been put out  
by the manufacturers has been  
fully up to the high standard of ex-  
cellence claimed for it. People  
have found that it can always be  
depended upon for the relief and  
cure of these ailments and that it is  
pleasant and safe to take. For sale

## State College of Kentucky.

The Agricultural and Mechanical (State College) College of  
Kentucky offers the following courses of study, viz:  
Agricultural, Horticultural, Chemical, Biological, Mathemat-  
ical, Physical, Entomological, Physiological, Normal School,  
Classical, Mechanical Engineering, Electrical Engineering,  
Civil Engineering and Mining Engineering, each of which  
extends over four years and leads to a degree. Post-graduate  
courses of study are also provided, leading each to master's  
degree. Each course of study is organized under a separate  
faculty. The general faculty numbers more than forty pro-  
fessors and instructors.

County Appointees receive tuition, room rent in dormi-  
tories, fuel and lights, and if they remain ten months, traveling  
expenses. The laboratories and museums are large, well equipped, com-  
prehensive and modern.

The last and the preceding Legislatures appropriated \$60,000  
for a college home for young women and \$30,000 for drill  
hall and gymnasium for men.

Military tactics and science are fully provided for and re-  
quired by Congress.

Graduated from the several courses of study readily find ex-  
cellent positions and liberal remunerations. The demand is  
largely in excess of the ability of college to supply.

Last year the matriculation list was 594.

## A Cure For Summer Complaint.

Summer complaint is unusually prevalent among children this season. A well developed case in the writer's family was cured last week by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy—one of the best patent medicines manufactured and which is always kept on hand at the home of every family. This is not intended as a free puff for the company, who do not advertise with us, but to tell all little sufferers who may not be within easy access of physician. No family should be without a bottle of this medicine in the house, especially in summer time. —Lansing, Iowa, Journal. For sale by C. K. WYLY.

## TOBACCO FACTORY BURNED.

One Hundred Thousand Pounds of the Weed Destroyed.

White's tobacco factory at Linton was destroyed by fire with the contents, consisting of about 100,000 pounds of tobacco. About 40,000 pounds had been prized in hogsheads and was ready for shipment. The loss on the tobacco was well covered by insurance. The factory was valued at \$2,000 and was insured for about \$1,000.

## The Same Old Story.

J. A. Kelly relates an experience similar to that which has happened in almost every neighborhood in the United States and has been told and retold by thousands of others. He says: "Last summer I had an attack of dysentery and purchased a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I used according to directions and with entirely satisfactory results. The trouble was controlled much quicker than former attacks when I used other remedies." Mr. Kelly is a well known citizen of Henderson, N. C. For sale by C. K. WYLY.

## MRS. WALLER ENTERTAINS.

## Obituary.

The fourth day of July, 1902, was a sad day in Herndon and vicinity, as upon that day Sister Bennie Coleman Bouldin was placed in the grave to await the resurrection of the just. She was a daughter of Pony and Rosa Coleman, and was born Feb. 12th, 1876, and died in Waynesville, N. C., July 2nd, 1902. Feb. 27th, 1901, she was married to Mr. C. R. Bouldin; hence she was a wife one year and four months. Sister Bennie became a soldier of the Cross in 1890, in her fourteenth year. For the last few years she was greatly afflicted, and everything that love and skill could suggest was done for her, and at last, in quest of health, she went to Waynesville, N. C., and after a few weeks of patient suffering was called to lay her armor down at the Savior's feet, and exchange the cross she had so meekly borne for a crown of life eternal.

She was one of three children, two girls and a boy. Her father, mother, and brother preceded her to the sweet land of rest, and she leaves a devoted sister, Mrs. W. G. Fox, her dear husband and little son, many relatives and a host of admiring friends who take comfort from the thought that they have one more sacred tie beyond the river, "where friends shall meet—meet ne'er to sever." Sister Bennie died as she had lived, a devout Christian. Cares of time had not the power to induce her to leave her first love or neglect her Christian duties. She was always faithful and took pleasure in doing everything in her power to help in the work of the Lord in her congregation. There never was a happier home than the one in which she was reared. There she and her sister, Minnie, dwelt together as two happy birds in spring-time, with a devoted mother who watched over them and anticipated their every want.

The chain is broken for a little while, but there will be a sweet reunion by and by in the "land that is fairer than this."

Sister Bennie's life was pure and spotless, and the great procession that followed her remains to the grave was an expression of the high esteem in which she was held by the entire neighborhood. May her sister and beloved ones live as she lived, and finally "quit the walks of men" with prospects as bright as those that cheered Sister Bennie in this vale of tears.

Our hearts with grief are overflowing. Our beloved sister is no more! Her spirit now has spread its pinions, and is lighted on a brighter shore.

Her peaceful body now is sleeping Beneath the cold and silent clay; O Heavenly Father, we are weeping: De- wip- these bitter tears away.

She sleeps in the earth with her father, mother and brother.

Within the sacred "old graveyard" While now their dust together mingle, We trust their spirits rest with God.

Her smile of joy no more can greet us, Her spirit now has spread its pinions, And with words of love no more shall meet us. To welcome us whenever we come!

Son we'll meet to live forever Away from earthly toil and strife; No care no grief, no death to sever, There all is joy and endless life.

Hopkinsville, Ky., July 19th, 1902.

## BIG BARBECUE

And Brandance at Herndon Saturday, July 26.

## MRS. LANE DIES.

Daughter of Senator Blackburn a Victim of Brain Fever.

Washington, D. C., July 19.—Mrs. Lucile Blackburn Lane, daughter of United States Senator Joe C. S. Blackburn, of Kentucky, died in Washington yesterday, after an illness of ten days of brain fever and nervous exhaustion.

Mrs. Lane was born in Versailles, Ky., about 34 years ago. She leaves a daughter.

## PER CAPITA

Of Public Schools Fixed at \$2.32—Total Census is 732,784.

Frankfort, Ky., July 19.—State Superintendent of Public Instruction McChesney this afternoon declared the school per capita for the operation of the common schools in Kentucky for the current year to be \$2.32. This is based on a school census of 732,784 children and an estimate of \$1,730,221 income.

This, Superintendent McChesney explains in a letter addressed to County Superintendents and City School Boards, as being the result of a heavy falling off in the collection made for the year just closed from licenses, State banks and miscellaneous corporations. The shortage from these sources caused a large deficit which had to be taken into account in estimating the per capita for this year. Another cause of the decrease is that the recent General Assembly passed an act refunding to State banks taxes they had paid under the Hewitt law in excess of what they should have paid.

A further reason for the decrease in per capita is the increase in the school census. The census for the year ending June 30, 1901, was 727,531; for the year ending June 30, 1902, it was 728,799, and for the year ending June 30, 1903, it is 732,784. It will be seen that the increase from 1901 to 1902 was only about 1,400, while the increase from 1902 to 1903 is about 3,900.

## "COLONEL" RANDLE.

Champion Performer in Old Fiddlers Contest in Tennessee.

A special to the Nashville American from Wartrace, Tenn., says: The old fiddlers had a contest here, over 300 people being in attendance. Among the old fiddlers of special note taking part was Col. W. F. Randle, of Hopkinsville, who is a champion performer. He used a violin which is 167 years old. Jas. Shofner, of Lincoln county, who plays the violin with his left hand, has entered every contest within reach for the past ten years and has won in nearly every one. The violin he plays is 301 years old.

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This state of health is like an open gate-way to disease because it is the doorway through which all the poisons of the body enter. It slowly undermines the strength and energy, and a collapse comes—usually at a time when a strong healthy body is most needed.

PRICKLY ASH BITTERS

Is a fine regulating tonic which filters through the body, casting out injurious matter, stimulating the digestive and assimilating and strengthening every weakened part. It also purifies the blood, sharpens the appetite and creates energy. In this way it restores the system to perfect order.

For irregular bow movements, chronic constipation, biliousness, belching, flatulency, and other troubles due to indigestion or absorption in the bowels, Prickly Ash Bitters is a speedy cure.

## PHILANTHROPY!

The Unselfish Labors of Mr. and Mrs. A. Roy Miller Save Many Children's Lives.

They Earn the Gratitude of Hundreds of Parents in Owensboro.

(From the Owensboro, Ky., Messenger.)

A. Roy Miller has been connected with the well known wholesale and retail drug firm of The Mullen & Haynes Co. for several years. He is known to be one of the best prescription druggists in the State. His reputation is already established, and whatever he says is not for a moment doubted by the people who know him.

Like all men who shoulder the responsibilities of a big business, Mr. Miller is always busy, but he finds time the other day, when asked what he thinks of Owens Pink Mixture and its use among children, to assert his firm belief, based on his own experience, that it will do just what is claimed for it. He even goes further and says that no better remedy can be obtained for use in aggravated cases of bowel trouble among older people.

Druggists are usually slow to recommend any particular medicine, either over their own signature or in an interview. They will often say that what will act well and produce the desired results with some individuals may not be successful on other persons, but Mr. Miller states that there is always an exception in the case of Owens Pink Mixture.

"Really," said Mr. Miller to our reporter, "I don't think I can do the matter justice. It takes my wife to tell all of the virtues of Owens Pink Mixture. If there is any family in our neighborhood with a little child, to which she has not recommended the use of the medicine, I don't know it. At any rate we have used it to our great satisfaction on the only two children that we have living. The girl is now seven years of age, and our boy is five. They are both hale and hearty, and we never had any trouble during the second summers with them or when they were teething. They took the medicine with the same delight that would be manifested by a child when eating anything it is particularly fond of."

"We lost our first child from some kind of wasting bowel trouble. We knew nothing of Owens Pink Mixture then. We did everything possible to save the life of the loved one, but our efforts were in vain. The little fellow died. No words can paint the grief of a mother over the loss of her first-born. But, since we have used this medicine with such wonderful success on our two succeeding children, we are both firmly convinced that had we used it on our first born, he would have been alive today. Now, this is a pretty strong assertion for a person to make, but I firmly believe it."

"As soon as a wife hears of a sick child in the neighborhood, she either goes or sends word to the mother to try Owens Pink Mixture. I don't think there is a family in my end of the town that has not a bottle of the medicine in its possession. Many say that it is a good thing to have around, whether there are any children in the family or not. I am not mean to be extravagant in my praise of this remedy. I only want to say in its behalf what I think should be said by one who has used it in such a satisfactory manner in his family. Again, I will say if anyone should call for it and I did not have it, I would be loth to recommend any medicine to be as good. In fact, I would not do it. I could not do it."

Here, in Owensboro, where the medicine has been put up for a long time, the people have had an opportunity to learn of its merits from actual use. In not a single case has the medicine proven fruitless, and all citizens speak a good word for it.

You can walk down the street any day, and ask any head of a family what he thinks of Owens Pink Mixture, and you may rest assured that his answer will be a pretty strong recommendation of its merits.

Owens Pink Mixture is a per-

fectly harmless preparation for testing children. It allays irritation and makes teething easy. It regulates the bowels and stomach, promotes rest, contains no opium, no morphine, no laudanum, or other poisonous drugs. It is a pleasant and perfect remedy for summer complaint, diarrhoea, dysentery, convulsions, loss of sleep, feverishness, constipation, or sour stomach.

Owens Pink Mixture is put up in two sizes of bottles, 25c. and 50c. For sale by all druggists. A trial bottle will be sent free to any one addressing the Floyd Medicine Co., Detroit, Mich.

## BLOW TO GOV. BOB TAYLOR.

His Daughter Eloped and Wedded a Virginia Gambler.

Knoxville, Tenn., July 19.—The elopement of Miss Emily Henson Taylor, daughter of former Gov. Robert L. Taylor, with Dr. G. T. St. John, of this city, has caused a sensation here. They were married here July 11 and left the next morning for Chilhowee, Va., where the parents of the groom live.

St. John has been paying his attentions to Miss Taylor since his graduation from the University of Tennessee two years ago. Six months ago his office was closed by creditors and it recently developed that he has ruined himself financially by gambling. When this transpired Gov. Taylor forbade his coming to his home. While the Gov. Taylor was at Lebanon lecturing last Friday the girl stole from her home, where she had been guarded, went to a secluded part of the city, met St. John and married him. Gov. Taylor is prostrated over the affair.

## THE ONLY SURVIVOR.

Hero of Morgan's Escape Here to Attend the Reunion.

Capt. L. D. Hockersmith, of Madisonville, is in the city on a visit to Taylor and Mrs. E. L. Hays. He is the only survivor of the party which escaped from the penitentiary at Columbus, O., along with Gen. John Morgan. Capt. Hockersmith conceived the plan and tested its feasibility before proposing it to his comrades. He superintended the construction of the tunnel and was the last man to leave the prison. Capt. Sam Taylor being the first, volunteering to take the place at the risk of being discovered and shot—Owensboro Messenger.

## MCKINLEY CARDS.

Supply of Them Will Shortly be Received Here.

The new postal cards issued in honor of the late President, Wm. McKinley, are now being distributed by the Postoffice Department and the Hopkinsville postoffice will receive its share in due course of time.

The new card is of exactly the same size as the one now in use, but is, on the whole, an improvement over the old issue. It is to be of a better quality of paper, although it is somewhat thinner, and will therefore give a better writing surface. The printing on the address side is better arranged and presents a plainer and more business like appearance.

On the old card there is considerable scroll work around the portrait of Jefferson. There is merely a plain line around that of McKinley and the words "Postage one cent. 1843—McKinley—1901." This is printed in plain type outside of the line around the portrait.

The cards will be placed on sale here as soon as they arrive.

### SOUGHT SUNKEN TREASURES.

The Late Capt. Enoch Townsend's Hunts  
for Famous Wrecks.

Capt. Enoch Townsend, of Somers Point, who was drowned by the capsizing of his boat in Great Egg Harbor bay the other day, probably knew, according to the New York Sun, more about wrecks than any other man along the Atlantic Seaboard.

He and his brother Japhet organized the Atlantic & Gulf Wrecking company. Their steamers for years patrolled the coast from Hatteras to Sandy Hook and saved many sailing vessels and assisted in pulling scores of big steamships off sandbars.

They were known among seafaring men as the treasure-hunting captains. They made a lot of money by recovering the cargoes of abandoned wrecks.

In 1884, when the big English tramp steamer Nuphur went ashore on the lower point of Ludlum's island and was abandoned by her owners and the underwriters, the Townsends went to work on her and before the summer was over had taken from her submerged hold more than 1,000 tons of pig iron.

In the spring of 1887 they located the wreck of the Merrimac, which went down in 1862 off Seven Mile beach. From her hold there is said to have been taken 400 tons of pig lead. In the summer, when the wrecking business was dull, the Townsends spent their time in locating sunken wrecks.

Capt. Enoch Townsend at last got the idea that he could find the wrecks of the sunken treasure ships De Braaks and Montezuma, which are said to have gone to the sea's bottom within a few miles of the Delaware capes more than a century ago. This idea grew to be a mania with him.

In the summer of 1890 he began a vigorous and systematic search for these wrecks. He sailed up and down the lower Cape May county coast and dragged the bottom of the sea thoroughly. His dredges encountered many submerged wrecks, but when the divers descended they found either sunken coal-laden schooners or old waterlogged lumber vessels.

For two seasons Capt. Townsend kept up the search, and at one time it was reported that he had found the Spanish galleon Montezuma, and had lost her the same day through the coming up of a terrific northeast gale. The captain denied the report, but members of the crew declared that the diver who had gone down to the wreck told a story of the strange and peculiar construction of the sunken ship, a piece of which protruded above the sandy bottom.

When the storm subsided Capt. Townsend sailed back to the locality and dragged the sea's bottom for an entire day, but the hooks failed to fasten to anything. It is believed that the storm covered the wreck with sand.

At one time Capt. Townsend worked on a wreck sunk a hundred yards from the shore of Seven Mile beach. She was believed to be the hull of the Guatemotzin, a Spanish galleon, which tradition says went down with more than \$500,000 in silver bullion on board. A syndicate of Philadelphians who owned the island and the riparian rights ordered him to stop work and he abandoned the wreck.

Capt. Townsend was fairly well off in this world's goods when he died, and he would gladly have spent his all could he have realized the one ambition of his life—the finding of the treasure ships.

### Wives by Purchase.

Wives are still obtained by purchase in parts of Russian Europe. In the district of Kamyschin, on the Volga, for example, this is practically the only way in which marriages are brought about. The price of a pretty girl from a well-to-do family ranges from £10 to £20, and in special cases a much higher sum is obtained. In the villages the lowest price is about five pounds. It is customary for the fathers of the intending bride and bridegroom to haggle for a long time over the price to be paid for the lady. A young farmer whose father cannot afford to pay for a wife for him need not think of getting married.

### I. C. DOUBLE TRACKED.

First Double Track Line in the  
South

When the 63 miles between Brookhaven, Miss., and Hammond, La., is completed, which will be within the next three or four months, the Illinois Central will be practically a double track road from Chicago to New Orleans. It will be the first double track line in the South.

## GOING OUT

Shopping is not always the amusing pastime for women which newspaper paragraphers would have us believe. Many a woman who must needs practice economy attends bargain sales in absolute dread of the eager, jostling crowd which she must encounter. For her back aches at the start, and she knows that she must pay for her shopping with a nervous headache.

Women who suffer from backache, headache, nervousness and other consequences of womanly diseases are cured by the use of Dr. Pierce's Favorite Prescription. This great medicine for women establishes regularity, dries enfeebling drains, heals inflammation and ulceration, and cures female weakness.

"My wife, Mrs. Mary Bates, has been taking your medicine and received great benefit from it," writes Mr. George Wm. Bates, of Spring Grove, Va. "Was troubled with female weakness, heavy bearing-down pains, severe pain in back and head, and a tired, worn-out feeling all the time. Tried all the remedies we could hear of, but they did no good. Finally we wrote to you and my wife commenced taking 'Favorite Prescription.' Took ten bottles, and is in better health than before in a long time."

The dealer who offers a substitute for "Favorite Prescription" does so to gain the little more profit paid on the sale of less meritorious medicines.

Dr. Pierce's Common Sense Medical Adviser paper covers is sent free on receipt of 21 one-cent stamps to pay expense of mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y.

## THE AMERICAN MONTHLY REVIEW OF REVIEWS

THE AMERICAN MONTHLY REVIEW OF REVIEWS is commended by Statesmen, Professional men and thousands of others prominent in the world's activities, for its fine discrimination in sifting the actual news from conflicting report and the presentation of current events in their just proportion. ### HIT THE HAMMER

Of Revolver And Weapon Exploded, Making Painful Wound.

S. R. Stewart, a young farmer living near Fruit Hill, happened to a peculiar and quite painful accident here yesterday about noon.

The young man was driving his wagon down Virginia street, and when opposite Forbes & Bros., he attempted to stop the team. In pulling upon the lines his hand struck a revolver in his coat pocket and the weapon exploded. The ball took effect in his left thigh, passing nearly through.

Dr. Sargent performed an operation in the afternoon, removing the bullet, and Stewart was able to be taken home at once.

While the wound is very painful it is not considered serious.

### WOUND PROVED FATAL.

Jack Russell Died While Serving His Country.

Dr. E. P. Russell received a letter yesterday announcing the death of his son, Jack Russell, at Manila. He was a member of Company E, Ninth Infantry, United States army and was 30 years old.

Last October, in an engagement upon the island of Samar, one of his legs was badly shattered. The limb was amputated just above the knee, but it was thought for a time that he would die. He rallied and after a few months a second operation was performed. Later it was found necessary to take off the shattered limb at the hip. Inflammation resulted from this operation and death soon followed.  
He enlisted in a Bowling Green and had been in service about two years. He was unmarried and a very popular young man.  
The funeral took place in Ma-

# Don't Wait Until Fall TO BEGIN TO BUILD.

It takes a month or more to get the plan question settled, and the best houses can not be built in a hurry. A house built in the winter is seldom satisfactory, and a fall beginning means a winter ending. Furthermore, prices on all materials are generally higher in the fall. Then too, most people wait till then to build, and work brings a higher price when there is a great deal of it. Hence you have everything to gain and nothing to lose by building in the Spring and Summer.
